Profile Summary

I am an enthusiastic, ambitious and a dedicated Transportation / Civil Engineer with 4+ years of experience in the fields of construction and facility management, having passion and urge for my work. I possess knowledge and experience of multiple roles with regards to different civil infrastructure projects , Business Development Marketing) and Operations. My experience has enabled me to develop good organizational skills, an analytical/logical approach to tasks and the ability to work under pressure. My greatest passions are travelling to new places, exploring new cultures and meeting new people as well as learning about new things in all the diverse areas I come across throughout my career journey.
