## PROFESSIONAL SUMMARY

Results-driven Surveyor with [05 years] of experience in conducting precise and comprehensive land surveys. Adept in utilizing cutting-edge surveying technology, including Total Stations, and Auto Level, to accurately measure and map land terrain. Proven expertise in boundary determinations, topographic mapping, and construction layout. Demonstrated ability to manage surveying projects from start to finish, ensuring accuracy and compliance with industry standards. Committed to delivering high-quality, data-driven results to support land development, construction, and infrastructure projects. Seeking to bring my technical prowess and problem-solving skills to a dynamic team or organization in need of a proficient Surveyor.

## PERSONAL DATA

- **F/Name:** Muneer Ahmad Bhatti
- **Date of birth:** 05-02-2001
- **Ref I.D. #:** 38401-5729611-7
- **Religion:** Islam
- **Marital Status:** Single
- **Domicile:** Punjab
- **Nationality:** Pakistan
- **Passport #:** FK 5776111

## PROFESSIONAL EXPERIENCE

**Surveyor:** 02/2022 to Current.  
**Company:** Wise Builders & Land Developer.  
**Project:** TS Smart City Gujar Khan.

**Surveyor:** 05/2020 to 01/2022.  
**Company:** ZKB(Sialkot).  
**Project:** Rehabilitation / Improvement of sewerage system & water supply system & Roads in North Zone. Sialkot Phase-I.

**Assistant Surveyor:** 06/2019 to 05/2020.  
**Company:** Arif Zaman Construction Company Lahore.  
**Project:** 1-New Lahore City Lahore Phase (2&4).  
2-Zaitoon City Lahore.

## TECHNICAL SKILLS

### Surveying Equipment Operation:

1. Proficient in using Total Stations for angle and distance measurements.
2. Knowledge of levels and theodolites for vertical and horizontal measurements.
3. Familiarity with digital levels for elevation determination.

### Surveying Software:

1. Mastery of AutoCAD and other CAD software for drafting and mapping.
2. Proficiency in Geographic Information Systems (GIS) for spatial data analysis And mapping.
3. Skilled in using surveying software for data processing and analysis.

### Data Collection and Analysis:

1. Expertise in data collection methods, including field surveys and Geodetic measurements.
2. Strong analytical skills for interpreting survey data and creating detailed maps.
3. Ability to assess and analyze land boundaries and property lines.

### Land Mapping:

1. Competent in creating topographic maps and contour maps.
2. Experience in platting and site layout for construction and development projects.
3. Skill in producing as-built surveys and land record drawings.

## **Legal and Regulatory Knowledge:**

1. Familiar with land surveying laws, regulations, and standards.
2. Understanding of land title research and deed analysis.
3. Ability to handle land disputes and boundary disputes.

## **Data Management:**

1. Proficient in managing survey data, including archiving and retrieval.
2. Skilled in data organization and storage for reference and future analysis.

## **Safety and Environmental Compliance:**

1. Knowledge of safety protocols and best practices in the field.
2. Awareness of environmental considerations in land surveying projects.

## **Project Management:**

1. Experience in project planning and execution, including setting project timelines and budgets.
2. Leadership skills in managing survey teams and field crews.

## **Communication:**

1. Effective communication skills to collaborate with clients, engineers, and other stakeholders.
2. Ability to present survey results and findings in a clear and understandable manner.

## **Technical Documentation:**

1. Proficiency in creating technical reports, field notes, and survey documentation.

# **QUALIFICATION**

- 1) 3 Years DAE Diploma of Associate Engineer in Civil Technology with A-Grade (2017 to 2020).
- 2) Secondary School Certificate (Metric) (2016 to 2017).
- 3) Internet, Microsoft Word, Microsoft Excel, Auto Cad 2004 / 2006 / 2007 / 2010.
- 4) 3 Month Diploma of AUTO CAD (June 2020 to Aug 2020).

## **Language Capability**

- English
- Urdu
- Punjabi
