

# Sohaib Khan

## CAREER OBJECTIVE

Dedicated and highly skilled CCTV Technician with a solid background in networking and IT support, specializing in LAN and wireless communication systems. Certified in CCNA, with a proven track record of installing, configuring, and maintaining network infrastructure and security systems. Seeking to leverage my technical expertise and hands-on experience to contribute to a dynamic team, ensuring seamless operations, enhanced security, and optimized network performance in a challenging and growth-oriented environment.

## EXPERIENCE

### Senior Technician

#### Pakistan Aeronautical Complex Kamra (Avionics Production Factory) | September 2021 – January 2024

##### Key Responsibilities:

- Installed and troubleshooted desktop computers, ensuring hardware and software functionality.
- Handled installation and configuration of printers, scanners, and other peripherals.
- Installed OS and configured biometric devices for security and access control.
- Maintained and managed network switches and handled Active Directory operations, ensuring network stability and efficiency.
- Operated and maintained CCTV systems, ensuring consistent monitoring and security protocols.

### Senior Technician / Systems Specialist

#### Pakistan Air Force | January 2005 – January 2024

- Supervised and led teams responsible for the installation, configuration, and maintenance of critical IT and communication systems, ensuring mission readiness.
- Installed and managed PC systems, peripherals (printers, scanners), and biometric devices, providing ongoing technical support and problem resolution.
- Managed hardware and software configurations for both on-site and remote military installations, ensuring operational efficiency.
- Managed and maintained network infrastructure, including switches and Active Directory operations, to ensure secure and continuous communication.
- Oversaw the setup, operation, and maintenance of CCTV systems for monitoring and security purposes in high-security environments.

Problem Solving	<div><div style="width: 90%;"></div></div>

## Certifications

- ISO/AS 9100 Certified
- ISO 17025 Certified

## Personal Information

- Father's Name: Lehrasib Khan
- Date of Birth: 10th March, 1987
- CNIC #: 37406-3075974-7
- Nationality: Pakistani
- Domicile: Punjab
- Religion: Islam

## Reference

- Reference will be provided on demand

- Ensured adherence to security protocols and maintained confidential military data through secure networks and equipment configurations.
- Trained junior technicians and personnel on the use and maintenance of IT systems, ensuring knowledge transfer and operational sustainability.

## COURSES

- Computer Hardware Basics
- Networking Basics
- Introduction to Data Science / Internet of Things (IoT) / Applications of AI
- Electromedical (D-Level Maintenance)
- IP Exchange (Huawei)
- CCTV Operation, Maintenance, and Installation
- Satellite Communication (O-Level Maintenance)

## ACHIEVEMENTS

- Successfully managed and maintained IT infrastructure for over 2 years at a high-standard aerospace facility.
- Played a critical role in the operational efficiency of network systems and security devices, improving overall system reliability.
- Successfully maintained operational integrity of mission-critical communication and IT systems over a 19-year career in the Pakistan Air Force.
- Recognized for exceptional problem-solving skills and technical expertise in maintaining military-grade IT infrastructure.
- Played a key role in implementing advanced security protocols, reducing system vulnerabilities, and ensuring the safety of sensitive data.
